## Specialized Rail Review - July 2010

Hello!

Welcome to the July 2010 Edition of Specialized Rail Transport's Newsletter - Specialized Rail Review. If you have difficulty viewing this email, please check out our website at [www.srt.cc](http://www.srt.cc). If you have any questions about anything you see in here, or if there is any way that we may be able to assist you, please feel free to contact us. We look forward to hearing from you!

Please take a few minutes to enjoy this Summer edition of the Specialized Rail Review.

### Power Trip

The downturn in the economy meant that transportation slowed down. But, power items will need to be moved, and moving power cargo has been big business for SRT recently.

SRT handles the rail transportation of many boilers throughout the US, Canada, and Mexico. Lately, we have seen a lot of business in the boiler market, and look forward to more in the future.

Transformer shipments are another big business for SRT. The second quarter of this year, we moved several transformers. Looks like the business is making an up-turn, and that's great for everyone!

### Another RICA Success...

SRT attended and exhibited at the 2010 RICA Annual Conference in Henderson, Nevada. This was a very special year for SRT, as it was quite momentous for two members of the SRT family.

Bob Felix has been very dedicated to the organization for many years. Over the last six years, he has served on the Executive Board, and, at the 2010 Annual Conference, completed his final year as Chairman. This comes after 2 years as Vice President, and 2 years as President. As a token of appreciation, Julie Holman (RICA President) presented Bob with a special Corvette chair, which has already received rave reviews and plenty of use! Most importantly for Bob, he was worked hard to bring various segments of the transportation industry together and improve communication throughout the industry.

Each year, the RICA President presents a 'President's Award' at his or her own discretion. SRT's very own Kelli Collins received that award this year, for her dedication to the organization. To be involved so actively takes personal time, energy, and passion. We thank her for all that she does to make RICA a successful organization, and to improve the transportation industry!

We appreciate the opportunity to meet all of you that we met for the first time, and to see so many good friends again. If we missed you this year, we hope to see you next year in Portland, Oregon!

### Bright Future

A bright future is ahead, and much excitement is going on within SRT! A lot of new ideas, changes, and an exciting future is in the works. Look for updates from us to see all of the things that SRT is doing to provide an even higher level of service to our clients!

Please join us in welcoming back Curtis Bridges to the SRT team. Additionally, Dustin Hickman has now joined us full time, as an AAR Certified Field Supervisor. These guys will help us to serve our customers better.

As always, SRT strives to be an industry leader, and to exceed customer expectations. We'll keep you posted as we evolve, and as we work to make your work better.
